***** PRESS RELEASE *****

RE: District Attorney, Joyce E. Dudley Announces the Launch of New Website with an Interactive Dashboard

The Santa Barbara County District Attorney's Office has launched a new website, which includes an interactive, data-driven dashboard to improve transparency, facilitate community involvement and illustrate what is occurring in your criminal justice system. This dashboard will provide key data to the public, which includes information from the calendar years of 2019 and 2020.

District Attorney Joyce Dudley stated, "I want to personally thank the District Attorney's IT staff for creating an updated website with a modern, cohesive and responsive design, improved layout and a navigation system that will make it even easier for our community to find the information they need or want."

The website's URL <http://www.countyofsb.org/da/>
